

Pre-Consultation Intake Form

This is how we get to know your family before we ever speak. The more complete and honest you are here, the more your 60 minute call with Ryan is spent solving problems instead of gathering background. Everything you share is confidential.

1 Your Family and Contact

Who you are and the best way to reach you.

Your full name

Relationship to the senior

Phone

Email

Best times to reach you

Who else is involved in decisions

2 The Senior: Health and Daily Living

A clear picture of your parent's health drives everything: the timeline, the care plan, and how fast the home decision needs to move.

Senior's name

Age

Marital status

Cognitive status

- ☐ No concerns ☐ Mild forgetfulness ☐ Early dementia ☐ Moderate to advanced dementia
☐ Undiagnosed but worsening

Mobility and safety

- ☐ Fully independent ☐ Uses a cane or walker ☐ Fall risk ☐ Needs help with daily tasks
☐ Wandering or elopement risk

Key diagnoses, medications, and providers

Current help in place (family, aide, none)

3 Current Living Situation

- ☐ Lives alone in the home ☐ Lives with spouse ☐ Lives with family ☐ Already in a facility
☐ Has already moved out

If moved, where is the senior now

Anyone else living in the home (and on what terms)

4 The Home

WHERE THE BIGGEST DOLLARS ARE WON OR LOST

This is Ryan's lane. The detail here is what separates a cash buyer payout from the real number your family should walk away with.

Property address

Roughly when was it built

Estimated current value (your best guess)

Mortgage, equity line, or liens still owed

Condition, honestly

☐ Move-in ready ☐ Dated but solid ☐ Needs real work ☐ Full of belongings ☐ Vacant

Anything unusual: acreage, extra lots, outbuildings, deferred repairs

Any offers received yet (cash buyer, wholesaler, agent)? Amounts?

5 Financial Snapshot

Care costs money. We plan the home decision so it funds the years ahead instead of getting eaten by them. Estimates are fine.

Monthly income (Social Security, pension, other)

Savings and investments, roughly

Monthly costs that are bleeding the family now

Long-term care insurance? Veteran benefits?

Care funding picture

☐ Private pay for now ☐ Will need Medicaid eventually ☐ Already on Medicaid ☐ Unsure

6 Legal and Estate Documents

What is in place, what is missing. Missing documents are the most common thing that stalls a transition.

☐ Durable power of attorney ☐ Healthcare power of attorney ☐ Will ☐ Living trust ☐ Advance directive
☐ None of these yet ☐ Not sure

Who currently holds legal authority to act

Whose name is on the deed to the home

7 Family Dynamics and Decision-Making

Most transitions stall on people, not paperwork. Tell us the truth here so nothing blindsides the plan.

Who makes the final call

Siblings or others involved

Where does the family stand

☐ All on the same page ☐ Some disagreement ☐ Serious conflict ☐ The senior is resistant to moving or selling

Anything we should know going in (history, tension, a resistant parent, a difficult sibling)

8 Timeline, Goals, and Your Biggest Worry

How urgent is this

Any hard deadlines (facility date, financial cliff)

If this goes perfectly, what does the outcome look like for your family

The one thing keeping you up at night about all of this
