REALITY CHECK

- All KEEP furniture fits in new home rooms
 - All furniture fits through door widths (measure the narrowest door!)
 - Pathways between furniture are at least 36 inches (wheelchair / walker safe)
 - Closet space is sufficient for KEEP clothing and linens
 - Items that don't fit have been moved to Donate, Sell, or Gift
- If items don't fit:** Go back to the Move-Forward Decision Guide (Tool 4C) and re-evaluate. Don't pay to move furniture that has no place in the new home.
