

Caregiver Burnout Self-Assessment

Module 13 — Check Yourself Before You Wreck Yourself

Rate each item 0-3: **0** = Never, **1** = Sometimes, **2** = Often, **3** = Always

Statement	Score (0-3)
I feel exhausted even after sleeping	
I'm irritable or short-tempered with family	
I've withdrawn from my own friends and activities	
I have frequent headaches, stomach issues, or illness	
I feel resentful toward the person I'm caring for	
I'm neglecting my own health (skipping meals, appointments)	
I feel overwhelmed by the responsibilities	
I can't remember the last time I did something just for me	
I feel guilty when I'm not doing transition tasks	
I'm having trouble sleeping or sleeping too much	
TOTAL SCORE	____/30

YOUR SCORE

0-10: You're managing well. Keep up your self-care habits.

11-20: Warning zone. Implement at least 2 prevention strategies this week.

21-30: Burnout is active. You need help NOW. Delegate, take a break, and consider professional support.
